Special Note About the Indexes (Above): All boats are listed by *LOA*, *Design Number* and *Boat Name* and are an active hyperlink to the **primary** article about that particular boat that usually includes the principal plans and dimensions when available. That does not mean that is the *only* article about the boat within these pages. For popular designs there may be numerous postings. For *Dorada* for example there are 8 different postings about her thus far. If you are interested in a particular design please use the **SEARCH** feature to do further research. The indexes only include boats that have been posted on this blog and do not represent our entire collection. More boats are added on a continual basis. Other subjects are posted as well and do not appear in the indexes.

More About China Clipper - Design 1358-C3

Image ©RJLaBellaPhotos.com

Earlier in December we posted an article about China Clipper, sister to [Anitra, design #1358](#). After a complete restoration by the craftsmen at [Wooden Boatworks](#) in Greenport, Long Island, New York she is almost as good as new. Here she is racing in the Round Shelter Island Race also known as the Whitebread Race. This was her first race for over thirty, possibly forty years.
